

PPAR signaling pathway

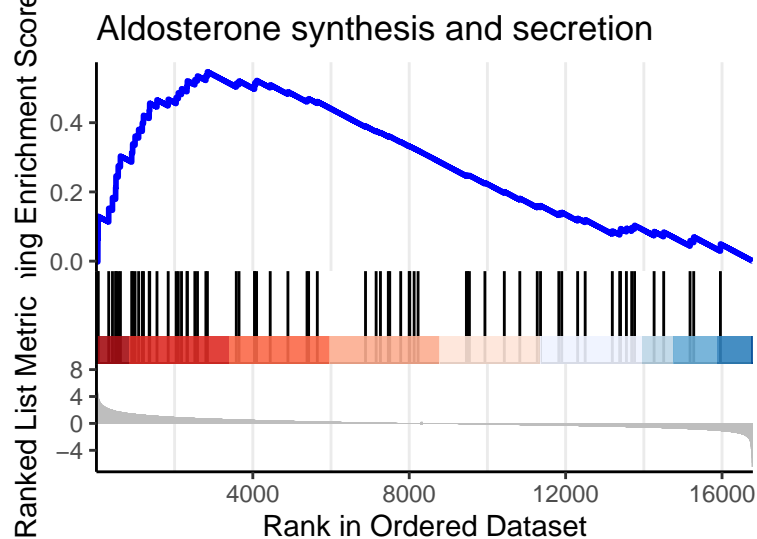

Cytokine–cytokine receptor interaction

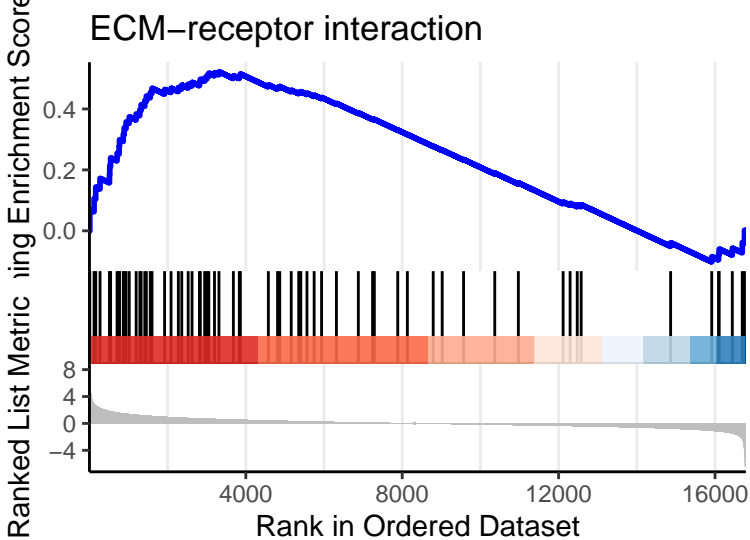

Steroid biosynthesis

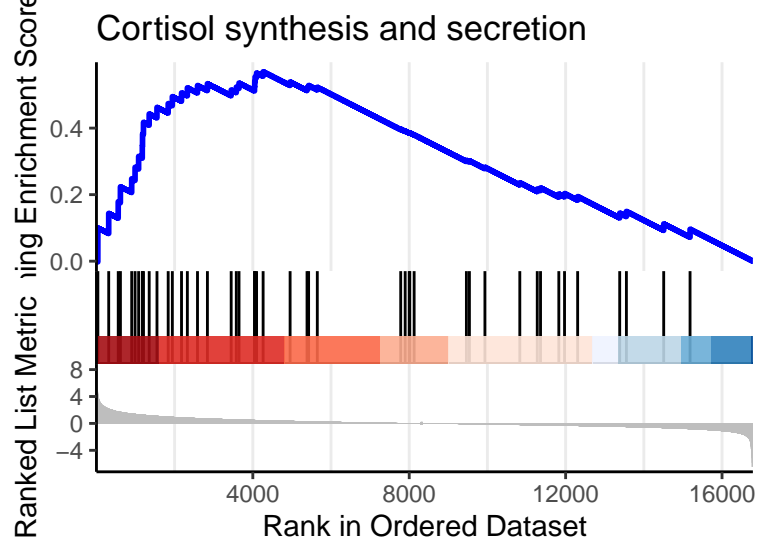

Aldosterone synthesis and secretion

ECM-receptor interaction

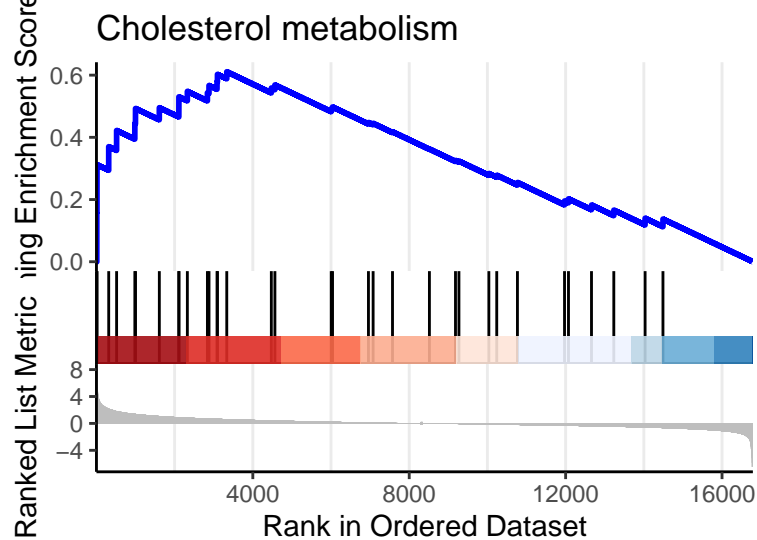

Cortisol synthesis and secretion

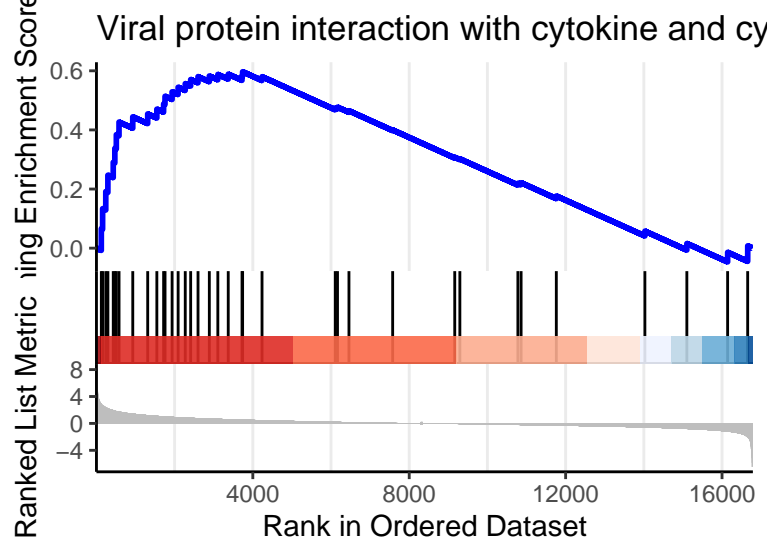

Pvalue: 0.000 - P.adjust: 0.004

Cholesterol metabolism

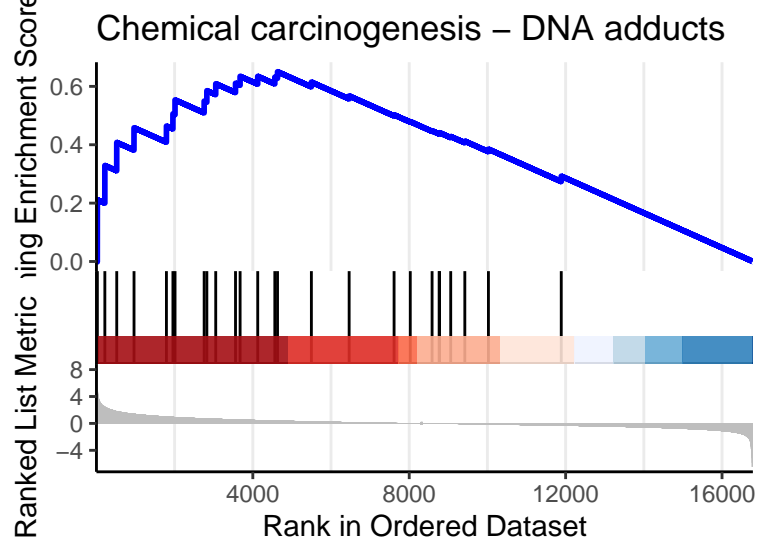

Pvalue: 0.000 - P.adjust: 0.005

Viral protein interaction with cytokine and cy

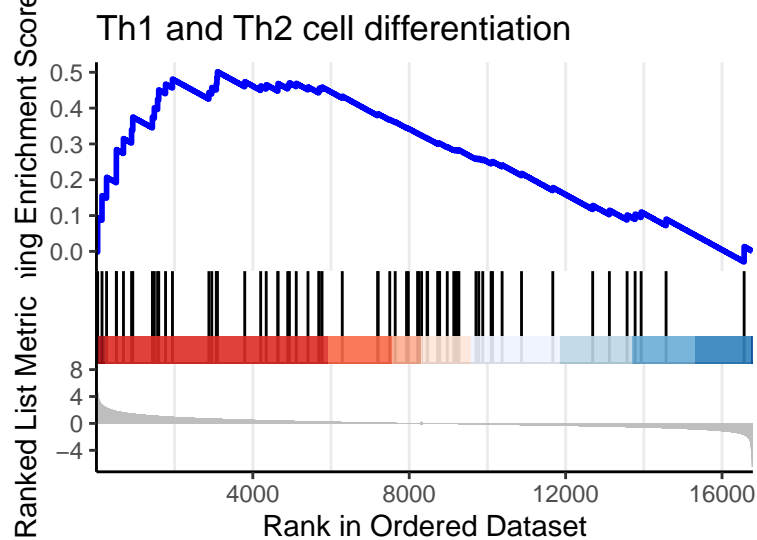

Pvalue: 0.000 - P.adjust: 0.005

Chemical carcinogenesis – DNA adducts

Pvalue: 0.000 - P.adjust: 0.006

Th1 and Th2 cell differentiation

Pvalue: 0.001 - P.adjust: 0.007
